1	15 Apr 13 09:37 AM	Use of videos was very helpful.
2	15 Apr 13 05:46 PM	Dr Lohiser often uses her real life experiences as examples to concepts. Thus, they are more personal and definitely aids me in remembering the concepts.
3	15 Apr 13 06:43 PM	The content covered was interesting and engaging. It covered several interesting communication concepts that I would like to further delve into.
4	16 Apr 13 07:36 AM	The course is enlightening, and useful for the future.
5	16 Apr 13 05:23 PM	The textbook was comprehensive and informative. Topics covered were relatable to reality. Dr Lohiser did a great job in pacing the course, leaving us sufficient time to gain deeper understandings on the subject.
6	16 Apr 13 06:53 PM	The real-world examples given in the lectures/tests really help to enhance my understanding of the different terms and models. I also find that the application assignments given to students are extremely useful in terms of learning how communication affects our own personal lives, and allows us to consider things from different perspectives. Plus the "freebies" given in the tesst encourages people to pay more attention too!!
7	18 Apr 13 10:28 PM	Thee notes and slides are entertainin and it helps to catch our attention

8	15 Apr 13 09:12 AM	I especially liked that the instructor used interesting video clips to grab our attention and these videos were always very helpful for our understanding of our concepts as well! The instructor was also able to answer all our questions effectively.
9	15 Apr 13 09:22 AM	Amanda was a really great professor, she engages students whenever she can, keeping lectures fresh and fun. As a result, I am able to always pay careful attention in class, gaining all the knowledge i need for this module. The encouragement was really helpful, it made me bold enough to throw out answers to questions and i began to learn more along the way.
10	15 Apr 13 09:37 AM	Classes have been very engaging. In-class and individual assignments that were based on big chapters helped a lot in better understanding the concepts.
11	15 Apr 13 09:38 AM	Lecturer gave application assignments as well as in class assignments on the heavier chapters to help us understand the content.
12	15 Apr 13 05:46 PM	Dr Lohiser makes use of in class assignments and application assignments to give me more practice on significant concepts. Thus, I can recall these concepts more easily.
13	15 Apr 13 06:43 PM	Dr Lohiser is an engaging professor. She makes lectures interesting with the use of relevant and current examples and make assignments unique by presenting them to us in various ways.
14	15 Apr 13 09:09 PM	I love Dr Amanda. She conducts her class with such passion and professionalism, there was not a single dull moment in class and i always find myself getting more attracted and interested in this field of study. She should take more classes! I would love to be in her class again!

15	16 Apr 13 12:59 AM	one of the best lecturers i have ever had. She was passionate about teaching, knew the content and good at encouraging and motivating students
16	16 Apr 13 07:36 AM	The manipulation of animation and videos were a great source of entertainment.
17	16 Apr 13 05:23 PM	Dr Lohiser's lessons are always very interesting and she makes it a point to relate the concepts we learn in class to reality. She do so by sharing her personal stories as well as her experiences in Singapore. She is a very lively lecturer and makes use of many clips to demonstrate the content of what we are learning. With that, class is always engaging and I have learnt plenty of things from her.
18	18 Apr 13 10:28 PM	She is always giving her own personal examles to keep us engaged and also hlp us to understand the concept clearly

19	15 Apr 13 09:07 AM	The air-conditioning in Room 2.10 is always too cold, and at times the internet connection was not working.
20	15 Apr 13 09:22 AM	There were times the room was too cold for me to even concentrate in class. And internet was down a couple of times.
21	15 Apr 13 09:37 AM	Classrooms are too cold.
22	15 Apr 13 06:43 PM	The room setup was sufficient albeit the minor technical difficulties.
23	16 Apr 13 05:23 PM	Only a couple of times, the sound system needed to be reboot due to some technical difficulties and a technician came over to assist. Other than that, everything else was in perfect condition.

24	15 Apr 13 09:37 AM	The internet access in some classes were not fixed and resulted in professors not being able to show their examples in class which made things difficult.
25	15 Apr 13 06:43 PM	When help was needed, it was always given very promptly.
26	16 Apr 13 12:59 AM	did not personally interact with them
27	16 Apr 13 05:23 PM	Oh yes, very prompt and effective. Could not say much on them being friendly as there were no interactions except between Dr Lohiser and the technician.
